

2026 Garden Club Awards

The New London Garden Club is pleased to announce the winners of the 2026 Garden Club Awards. Although there are many wonderful gardens in the community, the only business and residential gardens that can be considered for this award are those visible from New London's Main Street from the intersection of Route 11 and continuing down Newport Road to the Post Office. Plant material, condition of plants and use of space were some of the considerations. A complete list of criteria is on our web site.

A total of 17 gardens were awarded this year. Four were awarded to private residences and 13 to businesses. The residence award-winning gardens were 675 Main Street, 651 Main Street, 623 Main Street and 139 Main Street.

The business award-winning gardens were Artisan's, Oliver Wight Building, ZeroCelsius, Everett House Professional Offices, New London Barn Playhouse, Our Lady of Fatima, Hilb Group, Spring Ledge Farm, Snow Construction, Scytheville Row, Bar Harbor Bank, Ledyard Bank and The Commons at 420 Main Street.

The Club would like to recognize all gardeners throughout the New London community who devoted their time, energy and talents towards creating garden spaces filled with the wonders and beauty of flowers and plants.

The purpose of the New London Garden Club is to stimulate the knowledge and love of gardening, to aid in the protection and perpetuation of desirable native plants and birds, to further civic beautification and improvement and to cooperate with others interested in these objectives.
